Mr. H. Roice Nelson, Jr.
Senior Vice President, Operations
Landmark Graphics Corporation
1011 Highway 6 South, Suite 120
Houston, Texas, 77077

Dear Mr. Nelson,

Thank you very much for presenting your report on A Work-Station Approach to Interactive Seismic Interpretation to the Austin Geological Society on March 7, 1983. Your report was very educational and well supported with excellent slides.

We appreciate your effort in behalf of our society.

Sincerely,

Ken Owens
